

## CHIPS

### Chips Chips Chips

Chips and fish  
Fish and chips  
All I want is fish and chips  
All I want is fish and chips

Flake or snapper  
Doesn't really matter  
Whiting is exciting  
When they are biting  
Put them with those gorgeous chips

Golden yellow  
Hot and crispy  
Add a little sea salt, do  
Wrap them up in paper  
Take them home to Mater  
The kids will want some sauce too

Pass them around  
Till the last one is found  
Did we buy enough?

Tough.
